SMITH'S GARDENTOWN FARMS and Wild Birds Unlimited® Nature Shop

4940 Seymour Hwy. • Wichita Falls, TX

Fall is the best time to plant trees and shrubs. They get off to a good start and have a more established root system before next summer's heat hits. We are receiving new shipments of trees, shrubs and groundcovers for fall planting.

In the next couple of weeks, we'll be receiving shade trees, fruit trees, and all kinds of shrubs. If you need help planning your landscape, bring us photos and measurements and we'll be happy to recommend plants that will work for you! You can download the Landscape Planning Kit from our website to make this process easy for you.

It's Planting Time!

NEW SHRUBS

Nandinas have long been favorite shrubs in Texoma, with their striking fall and winter color. Now there are three new varieties with beautiful pink growth year round! Flirt, Obsession and Blush are their names, and we have them all. Each one has a different growing habit, so you're sure to find one that fits your needs.

And take a look at the new varieties of Asian Jasmine, including Snow-N-Summer. This one features white and pink on its new growth. There's also a new bronze variety, and the Ogon Nishiki, which was introduced last year. These can be a great-looking solution for problem areas in your yard.

TO DO THIS MONTH:

*Plant perennials,
trees and shrubs*

*Mulch beds to protect tender
plants from winter damage*

*Plant pansies, ornamental
cabbage and kale*

*Plant rye or
fescue grass seed*

Plant wildflower seed

PANSIES

Smith's-grown pansies will be available in late September. This year we have more colors than ever. And remember, they'll bloom all winter and spring in sunny areas. Plant them with plenty of rich compost, like our Soil Mender Blend Plus.

MUMS

Smith's-grown mums are also ready in all the great fall colors. Different varieties will come into bloom at different times, so if you plan it right, you can have brilliant color all fall. And they'll come back and bloom again next year!

WEBSITE

Remember to check our website for gardening tips and information, special events and unusual plants and accessories. Go to www.smithsgardentown.com for lots of gardening fun!

FALL VEGETABLES

We have a complete selection of fall vegetable seeds and start plants for those cool-season crops. See us for broccoli, cabbage, collard greens and brussel sprouts.

Before You Start Christmas Shopping...

Be sure to visit Smith's.

We have more exciting decorations than ever!

**And we'll have more nature gifts
for the entire family.**

Our Christmas store is up and running!

THE REVOLUTION IN BIRD FEEDING

Wild Birds Unlimited
Nature Shop

Have you seen the patented Wild Birds Unlimited EcoClean bird feeders? They look a lot like the other WBU feeders – also with a lifetime guarantee. But the EcoClean feeders are made with Agion, a process which gives these feeders anti-microbial properties. Anti-microbial is actually better than anti-bacterial, because Agion keeps any microbes (including mold and fungus) from ever growing on any surface of these feeders. Think how much easier it will be to keep your bird feeders clean!

And once you have one of these new feeders, you'll want some of the new Jim's Birdacious treats for your birds. Go beyond the ordinary seed with products like Jim's Birdacious Bugberry Blend, full of fruit and meal worms (birds love this, believe me). Or how about Jim's Birdacious Nutty for Nuts treats. They really look good enough to eat!

All these new products are developed with the help of WBU's team of professional naturalists. They test this stuff over and over to make sure it's easy for consumers and good for the birds.

AND WE HAVE THE FRESHEST BIRD FOOD IN TOWN

Remember, you can always count on Wild Birds Unlimited inside Smith's for the freshest food and the best blends to attract the birds you want to see in your backyard. Let our experts help you decide where to put feeders and which food to use for your maximum bird viewing pleasure.

TEXOMA OUTDOOR EXPO

Watch for Smith's Gardentown and Wild Birds Unlimited at the Texoma Outdoor Expo hosted by the First Baptist Church on Oct. 23. We'll have booths both outdoors and under the big tent.

PUMPKIN PATCH

Our first shipment of pumpkins is here! Once again we'll have pumpkins of all sizes, shapes and colors, as well as gourds for fall decorating. Call to reserve a time to bring a school or church group.

PRE-EMERGE

If you haven't put down your fall application of pre-emergence, what are you waiting for? The sooner the better. We still recommend Ferti-lome All Seasons to prevent fall and winter weeds. Use this as your fall fertilizer, too – or choose another great Ferti-lome product at Smith's

SAVE WITH WBU DAILY SAVINGS CLUB

If you're a frequent feeder, join the Daily Savings Club for 15% off all the bird food you buy. \$25 gets you a membership for one year (five 20-lb bags of food will make this membership pay for itself). Plus you get a \$10 Bird Bucks coupon to spend on any merchandise every time you accumulate \$200 worth of points. You even get extra savings when we have a bird food sale!
